

## Kolb-Varimat G 1500

CNC-Gantry milling machine

Manufacturer Hermann Kolb • 1993 • Machine-No. 14 887

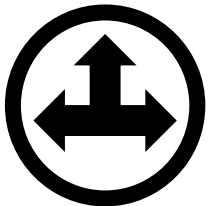

### Performance

- |                           |                |
|---------------------------|----------------|
| ✓ Spindle Power           | 42 kW          |
| ✓ Spindle Speed           | 50 – 5.000 rpm |
| ✓ Forward Feed X-Y-Z-Axis | 20.000 N       |
|                           | 30.000 mm/min  |

### Range on Axes

- |                           |        |           |
|---------------------------|--------|-----------|
| ✓ Table/Pallet            | X-Axis | 13.200 mm |
| ✓ Milling Carriage        | Y-Axis | 2.400 mm  |
| ✓ Milling Carriage Stroke | Z-Axis | 1.250 mm  |

### Place of Installation

- |                          |                             |
|--------------------------|-----------------------------|
| ✓ Space requirements     | 19.600 x 5.700 x 5.250 (mm) |
| ✓ Working area           | 13.200 x 1.700 (mm)         |
| ✓ Clamping table surface | 1.500 x 1.500 (mm)          |

## **Kolb-Varimat G 1500**

### **Further technical information**

#### **Size information**

- |                                                               |               |
|---------------------------------------------------------------|---------------|
| ✓ Distance lower Edge (Machine Bed)<br>to upper Edge (Pallet) | 400 mm        |
| ✓ Free Passage between Stands                                 | 1.900 mm      |
| ✓ Weight work piece                                           | 4.700 kg max. |

---

#### **Magazin and Tools**

- |                                            |               |
|--------------------------------------------|---------------|
| ✓ Tool Places (Storage and retrieval area) | 64            |
| ✓ Rapid feed                               | 30.000 mm/min |
| ✓ Tool Selection                           | Standard      |
| ✓ Tool holding fixture                     | SK50          |

---

#### **Control**

- |                         |
|-------------------------|
| ✓ Siemens Sinumerik 840 |
|-------------------------|
